June 13, 2022

**Effectively Immediately, this is a NOTICE of a Boil Advisory.**

We are recommending all residents and businesses affected in the flood areas to boil well water before using because of possible floodwater contamination in wells, or use bottled drinking water.

Please see the attached article from the CDC in regards to Boil Advisories for the areas of Flooding (<https://www.cdc.gov/healthywater/emergency/drinking/drinking-water-advisories/boil-water-advisory.html>).

Avoid the following areas listed below and do not drive on the affected areas and roads, unless absolutely necessary.

- Any area in or around the flooding along the Stillwater and Yellowstone Rivers
- Lovers Ln
- West Rose Bud to Mystic Lake
- Fiddler Creek Rd to Hwy 419
- Nye Rd at Carter's Camp going South
- Stillwater River Road
- Stillwater River Road bridge wash out Riddler's Cliff Road - Closed
- Spring Creek Road to Stillwater River North
- Johnson Ln Road towards Stillwater River North
- Miller Rd / Stillwater River Rd North
- E Jack Stone Rd to Stillwater River Rd North
- Countryman Creek Rd / Fireman's Point

It is HIGHLY recommended the public get their wells tested for coliform bacteria and nitrates, as well as shock the wells before testing. Please contact the Environmental Health Department at 406-322-8055 in regards to well test kits, and concerns of septic systems or tanks backing up.
